Insight	God is all powerful and he transcends tribes and cultures. Different religions / cultures have different names for God.

SOVEREIGNTY OF GOD

The sovereignty of God means the supremacy and the kingship of God. God is the Most High, the Almighty, the owner of all power in heaven and on earth (Psalm 22:28).

Biblical account of the Sovereignty of God

The Bible shows God's control over his creation and his rule over it. This can be seen in the following biblical accounts;

i. In God all things were created, things in Heaven and on Earth, visible and invisible (Colossians 1:16).

ii. He knows all things. This means that nothing is hidden from him. His knowledge is beyond the existence (Psalm 147:5).

iii. God can do all things. He is the Almighty God, so no other being can be compared to him (Matthew 19: 26; Job 42:2).

iv. He sustains all things. God is the one that gives life to all created species. He provides for them every basic necessity (Colossians 1:17).

Who is God?

God is the Supreme Being who has revealed Himself in the Bible as the infinite and perfect one. This means that God is the Greatest Being. He has no beginning and will have no end. God is a spirit by nature. God is one but he exists as three persons: God the Father, God the Son and God the Holy Spirit.

Attributes of God

An attribute is the nature or characteristics of someone or something. So, we come to know God through these characteristics. It is important to note that these so-called attributes of God are given to him by man. Man , through his experiences of God's love and care has come up with these qualities to help us know him more. There are natural attributes and moral attributes of God.

1. Natural Attributes

i. **Sovereign Creator:** As the Supreme Ruler, He has the fullest authority and control over the territory. God created the world in which we live in. He also has the power to destroy the world and everything in it.

ii. **God is Omnipotent**: Omnipotent means 'All Powerful'. By this nothing can be compared to God's power.

iii. **God is Omniscient:** This means that God sees everything, knows everything, and therefore understands everything. Nothing is hidden from Him.

iv. **God is Omnipresent:** God is the Supreme Being who is everywhere at the same time. He is in heaven and at the same time on earth.

v. **God is love**: God cares for us, provides and takes care of all our needs. He loves us so much that he gave His only begotten son to die for our sins.

vi. God is Immutable: By nature, God cannot change. The attributes or characteristics he possessed before creation of the world are the same ones he has today. In Malachi 3:6, he said 'I am the Lord I change not'

vii. Invisible: God cannot be seen with. But we can see him in his creatures, especially in man since he made man in his own image and likeness

viii. Eternal: He is everlasting.

2. Moral Attributes

i. God is benevolent (kind, generous)

ii. God is truth.

iii. God is righteous

iv. God is just

v. God is merciful

UNDERSTANDING RELIGION AS RELATIONSHIP WITH GOD

Religion is the belief in God who created the world and who holds a close relationship with man (us).

THE STORY OF CREATION

Genesis is a Greek name which signifies 'the book of generation or production' or simply books of origins. It is a book that contains the account of the origin of all things.

The Biblical account of Creation

The Bible tells us the account of creation in the book of Genesis 1 and 2. According to the Genesis 1 account, the earth was formless and empty, darkness was over the surface of the deep, and the Spirit of God was hovering over the waters. The world was created by the spoken word of God, in the sense that He spoke and the things He wanted to create appeared in the world.

Days of Creation

First Day: God created light and separated it from darkness to form day and night.

Second Day: God created the firmament (sky).

Third Day: God created the seas, land and vegetation.

Fourth Day: God created the heavenly bodies; such as the Sun, moon, stars and other planets.

Fifth Day: God created the sea animals and birds.

Sixth Day: God created land animals and Man.

Seventh Day: God rested. The Seventh day of creation is called Sabbath.

The Reason for creating all things by God

God created us for one reason:

i. To know Him and love Him and have fellowship with Him.

ii. For human beings to be loved by God and to respond to his love by loving him and loving one another.

iii. God created the universe for himself.

HUMAN BEING SHARE IN GOD'S CREATIVE ACTIVITIES

How God created man in a unique way: God created man in his own image and likeness. This means that man is like God and represents God.

This means that humans like you and I have important qualities like: **MIND, FEELING AND FREE WILL.** These qualities do not exist in other creatures except man.

Image of God is seen in three perspectives:

i. Ability to reason

ii. Being creative and dominates other things created.

iii. Having personal relationship with God.

The uniqueness of man among other creatures

i. Man is created in God's image and likeness
ii. Man has creative and imaginative powers.
iii. He has dominion over all created things.
iv. He can exercise self-control.
v. He has special personal relationship with God.
vi. Jesus died for the salvation of man and not for any other thing created.

Man's duties among the other creature of God

Some of man's duties are:

i. He was given the mentality and powers to give name to all other created things.
ii. He was given the responsibility to love his wife. Ephesians 5:25; Colossians 3:19.
iii. As a provider, his family depends on him for financial, emotional, spiritual, physical and mental well-being.
iv. As a protector, the man protects the self-esteem and self-worth of his wife and children.
v. As a good leader, he should be at the forefront to ensure that things are properly done.
vi. As a teacher, he should practice what he preaches.

WEEK THREE

Date	
Topic	**MAN'S POWER IN CREATION**
Learning Objectives	(i) Define power (ii)State the function of man in God's creation (iii) Highlight things invented by man
Insight	Man's power is not for selfish use, but to serve and improve life—like in medicine or education. Our creativity reflects God's image whether it's art, invention, or caregiving, when humans create, they mirror the Creator.
Key words/New terms	Power, fruitful, multiply, image and likeness
Application .	When engineers design bridges or doctors discover cures, they're using God-given creativity and knowledge to improve life—expressing man's power to shape the world. Actions like recycling or protecting wildlife show power used responsibly. But pollution or deforestation reflect the misuse of that power.
Summary	Man's power in creation refers to the special role and responsibility God gave humans to develop, care for, and shape the world. Through knowledge, work, and creativity, humans act as co-creators—reflecting God's image while using their abilities to improve life and protect creation.

MAN'S POWER IN CREATION

What is Power?

Literarily, power means the ability to control things, events. Man is the center of God's creation. With man's ability and gifts of intelligence, he has made progress in medicine and technology. Discovery of technology has made him capable of ruling the world.

Functions of man in God's creation

In God's creation, man is:

i. To dominate, name, change and rule over creations.
ii. To be fruitful and multiply, to increase in number and avoid extinction.
iii. To reflect God's image and glorify him.
iv. To love God with all his heart, soul and mind and to love others.

THINGS INVENTED BY MAN

Things made by human beings are called inventions while things made by God are called creations. This is because, God creates out of nothing (**creatio ex nihilo**) while man creates out of material (**creatio ex materia**)

Throughout the ages, human beings have used this creative ability to develop the world around them by discovering and inventing things for their use. Human beings started slowly from the primitive stages till the present level of civilization. Early man lived in a cave and gathered fruits to eat.

Later, he used sticks to dig the soil in an attempt to farm. As early man progressed, he learnt the use of the hoe and the cutlass, as well as the plough.

Today, man has advanced to the stage where he has invented and developed complex agricultural machinery, such as the tractor for clearing the land and sowing seeds, and combined harvesters for harvesting his crops.

In order to travel, early man used to walk long distances. Later, he tamed the horse, the donkey and the camel as means of transport. He then developed the bicycle, the motorcycle, car and heavy-duty vehicles to transport people and goods to distant places.

Another development in land transportation is the construction of the railways. Travelling by water started with a piece of wood on the water. Then came the canoe and the sailing boat and the steamer or steamship.

Travelling by air using aeroplanes has completed man's means of travelling from one continent to another.

In the field of communication, early man used talking drums and smoke signals to send messages to distant places. Later, the art of writing was discovered and information was stored and sent to places.

Later still, printing was developed and it became possible to publish newspapers, magazines and books on all subjects to inform and educate people about events in all parts of the world.

In addition, we now have the telephone, the radio, television and satellite, as means of mass communication. Presently, computer and the internet help us do all our work and send or receive information and messages with speed and efficiency.

Man has therefore made use of his creative abilities or talents, given to him by God, to control and harness the natural resources of the earth for the benefit of mankind.

THE BIBLE- OLD TESTAMENT

The Bible as a Record of God's Revelation of Himself

The Bible is the record of God's revelation of Himself. It is an account of how God gradually made Himself known to the Israelites and the rest of the world through His actions in their lives and communities.

The word Bible, is from the Greek word "ta bibla" meaning "the books". Before the development of writing, the Bible was passed down in form of oral tradition from one generation to the other. The art of writing was first discovered by the people of Mesopotamia and Egypt and was in the form of pictures.

The Books of the Old Testament

The Holy Bible contains 66 books in the protestant version and 73 books in the Catholic version. It has two main parts: the Old Testament and the New Testament.

A testament means a covenant or an agreement. Each of the books of the Bible is divided into chapters and each chapter is subdivided into verses.

The Old Testament was made between God and the Israelites on Mount Sinai in the time of Moses. In the Old Testament, there are thirty-nine (39) books according to the Protestant version, and forty-six (46) books according to the Catholic version. Its' books can be divided into three sections. There are the Law, the Prophets and the Writing.

The Law: This refers to the first five books of the Old Testament. They are Genesis, Exodus, Leviticus, Numbers and Deuteronomy. The first five books of the Old Testament are called the "Pentateuch". The word Pentateuch is derived from the Greek word meaning "Five books". The Law revealed how the Jews were to behave towards God and others.

The Prophet: The books of the prophets are divided into two groups. These are the Former Prophets and the Latter Prophets.

i. Former Prophets: The books of the former prophets are called the books of the prophets because they teach us important lessons about God's relationship with us. The books of the Former Prophets are Joshua, Judges, 1 & 11 Samuel and 1 & 11 Kings.

ii. Latter Prophets: These books bear the names of individual prophets. They are Isaiah, Jeremiah, Ezekiel, Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephaniah, Haggai, Zechariah and Malachi. Baruch is another latter prophet recognized in the Catholic version.

The Writing: These are the Psalms, Proverbs, Job, Songs of Solomon, Ruth and Lamentation, Ecclesiastes, Esther, Daniel, Ezra, Nehemiah and 1 & 11 Chronicles. The following are recognized in the Catholic version: Tobith, Judith, Wisdom, Sirach, 1 Maccabees & 11 Maccabees. The books are called the writings because much

of the materials are in form of poetry. They teach important issues about God's close relationship with us, gratitude and petition.

Religious and Moral Lessons

1. We should be grateful to God.
2. We should love our neighbours.
3. We should establish good relationship with one another and God.
4. We should always pray to the Holy Spirit to inspire us when we want to read the Bible.

THE BIBLE-NEW TESTAMENT

The New Testament Books

The New Testament has twenty-seven (27) books which are divided into four sections. These are: Gospel, Acts of the Apostles, Epistles and the book of Revelation.

The original texts of the New Testament were written in the second century and believed to be in Greek.

The Gospel: The word "Gospel" means "Good News". The Good News is that God has come to dwell among us in the person of our lord Jesus Christ to teach us the final means of salvation. The books of the Gospel are; Matthew, Mark, Luke and John.

The Acts of the Apostles: It is a book that reveals the history of the early church. It shows how the Holy Spirit helped the apostles to continue the work of Jesus Christ and was able to establish the Church in Jerusalem and the rest of the world. The Holy Spirit helped them to solve the problems they encountered in their attempt to spread the Gospel.

The Epistles: These were letters written by the apostles especially Paul to the elders of the various churches Paul and his companions founded. The letters that were written to these churches were to help them solve their various problems and to create good relationship with God and neighbours. These churches were in Corinth, Galatia, Ephesus, Philippi and Thessalonica.

The Book of Revelation: It is a book about prophecy. It encourages the Christians to be strong in faith. It also shows the victory that will come to those who will follow Jesus Christ faithfully to the end.

CHRISTIAN MARRIAGE

Marriage originated in the Garden of Eden with the creation of Adam and Eve. As a result, God instituted the first monogamous marriage (a marriage between one man and one woman). Genesis 2:22-25

Definition of marriage

Marriage is the coming together or a legal union of a man and a woman to live as husband and wife. God ordained marriage when He instructed in Gen 2:24, that "Therefore, a man shall leave his father and mother and be joined to his wife and they shall become one flesh".

Types of Marriage

i. Monogamy

This is the marriage between one man and one woman. It is the type of marriage established in the Garden of Eden between Adam and Eve.

ii. Polygamy

Polygamy is a type of marriage, in which one man is married to more than one woman

iii. Polyandry

Polyandry is a type of polygamy, whereby one woman is married to more than one man. This type of marriage is still practiced by some African and Indian tribes.

The rest are: **interfaith, levirate, sororate, arranged, mixed marriage, open, forced, same sex** etc.

Forms of Marriage

There are four forms of marriage practiced in Nigeria. They are statutory, customary, religious, and traditional. Each form has its own features that distinguish the wedding procedure from other types of celebrations

i. Civil or statutory marriage in Nigeria
ii. Customary
iii. Religious: a. Christian wedding customs
b. Islamic Wedding Traditions.

The Functions (purpose) of Marriage

Companionship: God wants a husband and a wife to be together. They are to relate with each other with unfailing love, play together as play mates and help each other as help mates.

Procreation: This means to bring new life into being. God gives us the right to engage in sex and bring forth children when we marry. Children are the supreme gift of marriage and contribute greatly to the good of the parents themselves.

Responsibility: Responsibilities in marriage mean when everyone in the family learns about all his roles and performs the roles properly. They are also responsible for the education of the children. They are to ensure that everyone attains holiness.

Preventing Immorality: STDS, HIV/AIDS etc (Gen. 1:28)

When one partner is unfaithful to the other, he or she may sexually contract a disease and pass it on to the husband/wife. Some of the sexual diseases are very difficult to cure and can even lead to death. Diseases that arise from sexual contact are called: Sexually Transmitted Diseases (STDs). Gonorrhea and syphilis are examples of STDs.

These STDs are extremely difficult to cure. However, the most deadly sexually transmitted disease is HIV/AIDS which is widespread in Nigeria today and is killing many people in the world. Since HIV/AIDS has no known cure as yet, the only way for all of us to prevent an early grave is to avoid uncontrolled sex, but more so only having sex within marriage (one wife) when we grow up. Therefore, both the husband and the wife have a: 'Great responsibility to be faithful to each other to avoid the dangers associated with being unfaithful.

The Significance of Marriage

i. Marriage is the beginning of the family and its lifelong commitment.

ii. Marriage is a bond like no other.

iii. Marriage is designed for purity. The bond of marriage gives the couple the strength to overcome temptation.

iv. In marriage the couple is supposed to share God's unconditional love between each other.

WEEK EIGHT

DISOBEDIENCE- FIRST HUMAN DISOBEDIENCE (GENESIS 3:1-19)

Definition of Disobedience

Disobedience is going against God's instructions. It also means defying or breaking the rules or going against the laws of the land.

Biblical account of First Human Disobedience - Disobedience of Adam and Eve

After creating Adam and Eve, God put them in a garden called the "Garden of Eden". They were to stay there to continue the creative activity of God. Everything was good for them and they were in charge of all that God created. Though they were naked, they were not ashamed.

God commanded them to eat the fruit of all the trees except the tree of the knowledge of Good and Evil. If they eat from this tree, they shall die. By this instruction, God gave human beings "Free Will". The serpent came in the form of snake and tempted Eve to eat the fruit of the forbidden tree. The serpent lied to Eve that if she eats from the forbidden tree, she will not die rather she will be wise like God. Eve ate and also gave Adam to eat when he returned. Immediately they ate from the forbidden tree, their eyes opened and they discovered that they were naked. They used leaves to cover their nakedness because of fear and shame.

God called them out of the garden because they broke his commandments. He was angry because they disobeyed Him. Their sin of disobedience broke the relationship that previously existed between them and God. It also broke the order and peace in the Garden of Eden.

Consequences of Adam and Eve's Disobedience

i. Disobedience brings sense of guilt and shame (Gen 3:6-7)

ii. It brings suffering (Gen 3:14-19)

iii. It brings wickedness or evils (Gen 4:1-12)

iv. It causes breakdown of Law and Order (Gen 6:5-7)

- The flood (Gen 6:11-22; 7&8)
- The Tower of Babel (Gen 11:1-9)

Our own acts of disobedience and consequences

Every day we do what we are not supposed to do such as disobey the school rules and the laws in the society. We come to school late and sometimes we do not come to school at all. We refuse to do our homework and disobey our class captain; we fight with our schoolmates, cheat by copying our friend's home work or work during examinations.

Consequences:

When we disobey our parents they beat us and we suffer the pain. When we disobey school rules and regulations we are expelled from school and we ruin our academic career. We become drop-outs; and we bring our good family name into disrepute. When we engage in sex before marriage which we are not supposed to do, we the

girls, may get pregnant and stop schooling or we the boys may become young fathers; or we may contract diseases associated with sex like gonorrhea and HIV/AIDS that lead to suffering and death.

Leadership requires accountability: Saul blamed others instead of taking responsibility, which worsened his situation.
Key words/New terms	Disobedience, Obedience, Command, Instruction, Rejection, Sacrifice, Accountability, Leadership, Prophet.
Application .	**In school:** A student who only follows part of the school rules may still face punishment—just like Saul. **At home:** Ignoring a parent's full instruction (e.g., cleaning only part of a room) can lead to correction or loss of trust. **In leadership:** A class prefect who doesn't carry out duties properly may be removed from the position—just as Saul was rejected as king.
Summary	King Saul disobeyed God by sparing King Agag and the best animals after being told to destroy everything. As a result, God rejected him as king, and the prophet Samuel declared that obedience is better than sacrifice. Saul's disobedience led to the loss of his throne, God's spirit, and eventually his life. The story teaches that true obedience to God is complete, not partial, and that leaders must take responsibility for their actions.

SAUL'S DISOBEDIENCE

The Story of Saul's Disobedience- 1Samuel 15:1-26

The Amalekites were ancient enemies of Israel. Their attempt to destroy Israel during the journey through the wilderness was still fresh in the mind of Israel. Samuel the prophet gave Saul the divine command to completely destroy the Amalekites, men and women, children, cattle, goats and so on. Saul's response to God's call was a test of his loyalty to God's covenant in a holy war.

Saul obeyed and went for the mission. He destroyed the Amalekites as instructed by Samuel but he spared the best of sheep, oxen and lamb, and all that was good including Agag their king. He also spared the Kenites, who had once done Israel a favour many years before. As Saul explained to Samuel, the animals were spared so as to sacrifice them to God. Samuel viewed it as an act of disobedience. He made known to Saul that obedience was better than sacrifice and to hearken than the fat of rams.

Consequences of Saul's Disobedience (1Sam. 15:20-25; 16: 14-23; 31: 1-13)

a. Saul was rejected as king of Israel (1Sam 15:23).

b. David was anointed as king to succeed Saul.

c. The Spirit of God departed from Saul and he was possessed by an evil spirit.

d. Saul and his three sons, Jonathan, Abinadab and Malchishua, were killed at Mount Gilboa in a battle against the Philistines.

CALL TO RECONCILIATION

MEANING OF RECONCILIATION: Reconciliation is the means by which we bring back or restore good relationship that has been broken between two individuals or groups of people.

Also we can define reconciliation as settling a dispute between two or more people for peace and harmony to reign.

STAGES OF RECONCILIATION /STEPS TO RECONCILIATION

Repentance: Repentance is when we are very sorry for our bad behaviour which had brought about the broken relationship. Here we sincerely promise not to misbehave again. The Greek word for repentance is "**metanoeo"** which means to change one's mind or turning away from sin. Factors that make someone to repent are:

A. Love of God
B. Sincere desire to obey God's command
C. For peace of mind
D. For unity and progress

Forgiveness: Forgiveness is when we go to the person whom we have wronged and ask for his or her pardon. Then the person accepts and pardons us.

IMPORTANCE/REASONS FOR RECONCILIATION

i. We must learn to reconcile with others, so that good relationship which had been broken might be restored.
ii. Reconciliation promotes peace, harmony and love.
iii. Any kind of assistance or help they rendered previously to each other would cease if there is no reconciliation.
iv. It leads to cooperation and unity among those involved.

WAYS OF RECONCILING WITH OTHERS

i. **Shaking Hands:** After the admittance of fault and peace is made, the offender is asked to shake hands with the one he had wronged. If the one wronged accepts and shakes back in response, then there is reconciliation.

ii. Embracing: When an offender realizes his faults and asks for pardon, there will be peace again. There will be reconciliation, they will embrace or hug each other.

iii. Apologizing: Some offenders find it difficult to say sorry due to pride or arrogance but when they finally do after some persuasion, there will be reconciliation.

iv. Giving Gifts: Gift stands as a sign that the person at fault recognizes his mistakes and decides to offer gift. If the gift is accepted then the offender is forgiven.

v. Forgive and Forget: Reconciliation takes place when the offended one decides to pardon and let go of wrongs done to him.

ESAU RECONCILES WITH HIS BROTHER JACOB (Genesis 27:1-25; 33:1-34)

Jacob deceived Esau in two great ways. First was when Esau sold his birthright to Jacob because of porridge. Esau had come back from hunting and became famished, he saw his brother Jacob who was preparing a

pottage of lentil and asked for some. Instead of offering that, Jacob requested for his birth right in place of the pottage. But because Esau was extremely hungry, he went ahead and surrendered it.

The second deceit was when Jacob stole Esau's blessings. Their father Isaac had requested for Esau to go prepare him a meal in other for him to eat and bless him. But Rebekah his wife who loved Jacob more overheard the conversation went and helped Jacob to carry out the deal. Due to the fact that their father was old then and could not see properly, Jacob disguising as Esau and deceived him into blessing him instead of Esau. After these two incidences, Esau became angry and threatened to kill Jacob.

Jacob ran to Laban, his uncle, to avoid his brother's wrath. He worked for his uncle and became very prosperous. He also married Leah and Rachel. However, he was not happy despite the blessing because of what he did to his brother. Later, he made up his mind to go back home and settle with his brother.

Before going, Jacob sought the face of God in prayer to help him reconcile with his brother. When he saw Esau, he humbled himself by bowing seven times to the ground. Esau ran to meet him; he embraced, kissed him and they wept together.

Jacob tried to appease his brother with gifts by presenting Esau five hundred and fifty herds of cattle. Though Esau initially rejected the offer, but after Jacob's plea, he accepted the gifts as a sign of genuine forgiveness and reconciliation.

Another good example of reconciliation in the Bible is the one between the prodigal son and his father (Luke 15: 1-32).

The Prodigal Son: (Luke 15:11-32)

The prodigal son asked for his share of the family property. He left for a far country where he squandered all his wealth till he became broke. He could not even get some of the food for the pigs he was employed to look after. In the end, he regretted his selfish action and decided to return home, and apologize to his father. The prodigal son said he would say to his father: "Father, I have sinned against heaven and before you, I am no longer worthy to be called your son; treat me as one of your hired servants". The prodigal son left for his father's house. Ever since the prodigal son left, his father had not been happy. Everyday, he would sit on the balcony of the house waiting for the return of the prodigal son. When, at last, the father saw the son approaching, he ran out of the house to go and meet him. He embraced him and kissed him and would not even listen to his confession of sins. He had his clothes changed and the fattest calf slaughtered to celebrate his home-coming.

When the elder brother complained about the attention given to the prodigal brother, the father explained: "Son you are always with me, and all that is mine is yours. It was fitting to make merry and be glad, for this your brother was dead, and is alive: he was lost and is found".
